Git, Gitlab, Docker, Kubernetes, Chatgpt

EDUCATION

SDM Institute Of Technology, *BE CSE*
Aug 2022 | Ujire, India

PROFESSIONAL EXPERIENCE

Niveus Solution Pvt Ltd, *Cloud Associate* 🔗
Sep 2022 – present | Mangalore, India

- Developed and delivered 4 products of various domains from scratch. Optimised two legacy codebases that had poor architecture.
- Integrated AI consultation feature to a healthcare application while fixing crucial bugs that existed in the legacy code base.
- Implemented lazy loading to improve the performance of the application and implemented shimmer UI to keep the users engaged while the application is fetching data.
- Optimised performance by analysing and removing unnecessary libraries, dependencies from particular components. Additionally, created reusable components for the functionalities that were being repeated.
- Fixed crucial VAPT issues and improved the security of a banking application without compromising the existing features which were causing the security issues.
- Demonstrated leadership by conducting standup calls in the absence of a manager.

Technologies: React, Javascript, Typescript, Tailwind, Zustand, Android, Kotlin, Java, Gitlab, Jenkins, Jira.

HiveStrats, *Full stack developer* 🔗
Sep 2020 – Apr 2022 | Remote

- Gathered requirements and translated them to Figma design.
- Estimated efforts and negotiated billings with clients.
- Developed and deployed projects from end to end using MERN stack.

Technologies: Reactjs, Nodejs, Express, MongoDb, Firebase auth, AWS, Docker, Kubernetes, Git.
